

Golf NSW has partnered with Vendi Golf Australia to implement Vendi Pay Terminals across selected affiliated Golf NSW clubs.

Encouraging Golf Clubs to Adopt a Proven Technology to Increase Green Fees!
THIS INITIATIVE DOESN'T REQUIRE ANY COST FROM THE CLUBS,
 as its purpose is to incentivise the adoption of an effective technology for collecting and boosting green fees.

The Vendi Pay Terminal: Supercharge your clubs revenue!
 Cash is no longer the preferred form of currency, especially among younger generations.
 Fortunately, Vendi Pay offers a fully integrated payment and processing platform that saves time and puts more revenue into the club's coffers. Using Vendi Pay means we'll take care of everything for you, reducing your administrative burden by up to 90%.
 Plus, players pressed for time can simply Tap to Tee in 10 seconds with our instant, secure, self-attending, and contactless device.
 With Vendi Pay, you can keep collecting fees long after the club has closed

*"Vendi has literally changed everything for us at the Back 9! The main game changer is that we've lost the need to rely on volunteers to keep the place running, plus catching afterhours players green fees ... then throw in the awesome Vendi Carts ... Honestly, cannot put into words how good it has been for us."
 Sarah, Echuca Back 9 GC*

*Our green fees have improved by around 57% on last year at the same time. I would encourage anyone looking at the machine to just do it!!
 It will be a game changer for any club.
 Di, Esperance GC WA*
